peals handed down its decision in the Bell County local option case, affirming the decision of the Bell Circuit Court. The election was held in last September. In thirty days this action will become effective and then the saloons of Middleboro must close. The "drys" have been victorious at every stage in this hard fought battle. The "wets" will have the bill to pay.

BEREA ENTERTAINS STATE CONVENTION

(Continued from Page 1.)

The school of methods conducted by Karl Lehman of Boston, Mass., was opened at this session and continued throughout three sessions. These instructions proved very interesting and helpful to every En-

Friday evening service was marked by a debate. Resolved: "That the Lookout Committee is of more importance to the Society than the Prayer Meeting Committee." An interesting discussion ensued; the merits of which were not decided at this juncture of the convention.

Dr. W. A. Fortune of Lexington addressed the assembly on "The Christian Endeavor's Vision," which was a practical and valuable lesson for the young life of the Master's work.

On account of a great blessing from above in the form of "rain," the reception on President Frost's lawn was postponed till 6:30 Saturday evening when the delegates gathered and joined the social festivities provided by each one in attendance.

The Saturday morning session from 8:00 to 12:00 was a succession of rich things pertaining to "The King's Business." Mr. Lehman made an address filled with fervor and humor. He tried to close with his baseball story, which created such applause as to bring him back when he told another shorter but better. The efficiency dialogue "Sunny Jim and Peter Grump" was a feature of the morning session that reminded all of their short comings. The Rev. H. H. Hopkins' address on "The Motive of Christian Endeavor" was full of good things to be carried home.

The Saturday afternoon devotional service was conducted by the Rev. D. W. Brown of Berea. The Demonstration "A. C. E. Meeting as It Often Is, But Should Not Be" "A. C. E. Meeting as It Should Be But Is Not Always" was highly commended by some and slightly criticized by others. A difference of opinion always leads to deeper thinking as to the things most appropriate for his service.

The Saturday evening devotional service was led by Professor Raine of Berea. President Frost followed with a brief history of Berea College, which was a treat for the visitors. It cleared from the minds of many of the strangers some of those impressions that have had their origin in the imaginations of the prejudiced.

The election of officers was the next business which consisted in electing the same officers plus that of vice-president, which election resulted in placing the Rev. C. B. Boying of Bowling Green in said office. The installation of officers took place in an impressive service near the close of the Sunday night session, by Field Secretary Evans. President Frost was elected an honorary member of this body by surprise to which he responded most gracefully and gratefully. After an address by Field Secretary Evans, "White Unto the Harvest" Transportation Manager Jordan of Louisville conducted a "black-board exercise" from which he cancelled more than eight hundred dollars of the expenses for the ensuing year by the pledges of the various societies present and by many individual pledges. The "Circumnavigation of Christian Endeavor Globe" illustrated by stereopticon views conducted by Mr. Lehman, broke all records of modern navigation as to speed and rapidity of describing the interesting sights along the way.

Sunday morning, the "Sunrise Prayer Meeting" was well attended and started the day in the right channel. The Sunday Schools of the town were held at the usual time and visited by many of the delegates. Preaching service was held in the College Chapel where President Frost preached the morning sermon using the life of Moses as the base of his remarks. Costs Less Bakes Better
CALUMET BAKING POWDER

ECONOMY

—that's one thing you are looking for in these days of high living cost—Calumet means a wonderful saving in your baking. But it does more. It makes wholesome food, tasty food—uniformly raised food. Calumet is made right—to sell right—to bake right. Ask one of the millions of women who use it—or ask your grocer.

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to sour milk and soda.

MY PHILOSOFY JAMES WHITCOMB RILEY

I ain't, ner don't pretend to be.
Much posted on philosophy;
But there is times, when all alone
I work out ideas of my own
And of these same there is a few
I'd like to jest refer to you
Pervidin' that you don't object
To listen clost' and pickollect.
I allus argy that a man
Who does about the best he can
Is plenty good enough to suit
This lower mundane institute.
No matter of his daily walk
Is subject fer his neighbor's talk,
And critic-minds of ev'ry whim
Jest all git up and go fer him!
My doctern is to lay aside
Contentions, and be satisfied;
Jest do your best, and praise er blame
That follers that, counts jest the same.

ICE CREAM SUPPER

There will be an ice cream supper given at the Bohtown school house Saturday night, May 22, for the benefit of Sunday school. All are invited to attend.

Walnut Meadow

Walnut Meadow, May 10.—The cool, dry weather is keeping grass and other growing crops back. We had a splendid rain Friday which was quite a lot of help to farmers as corn planting was stopped around

deavorer. No delegate should go back to the home society and not do differently and better after sitting at the feet of Mr. Lehman, who so emphatically (and rapidly) taught the fundamentals and practical workings of Christian Endeavor methods.

Throughout the convention special music was furnished by the Berea Orchestra and singing appropriate and excellent by visiting friends as well as Berea talent.

ANNOUNCEMENT
